

GAMIC 2020

Global Automotive & Mobility Innovation Competition

In this issue:

- Summary of GAMIC Semifinals
- Companies selected for GAMIC Finals
- Thank you Semifinal Judges
- Fireside Chat, Panel Discussion, Keynote Speaker...

Summary of 12th Annual GAMIC Semifinals

The 12th annual GAMIC Semifinals were hosted by LTU in Southfield on Thursday, February 27. A special thank you to Eaton Corporation for their sponsorship of the event. A total of 24 early-stage automotive & mobility companies, representing 8 countries and 6 states, presented to a team of industry expert judges. Judges selected 12 teams to advance to the GAMIC Finals on April 21, 2020 at the SAE World Congress in Detroit.

Selection for GAMIC Finals on April 21 (more details to come):

Thank you Semifinal Judges!

The success of the 12th annual GAMIC Semifinals is attributed, in part, to the time provided by the following industry expert judges.

Craig Barnes, Executive Director of Technology Planning, Cummins Engine (ret.)

John Bedz, Manager, Entrepreneurship and Defense, Automation Alley

Partha Goswami, Ph.D., Senior Manager – Technology Trends & Insights, Global Product Planning, General Motors Corporation

John Jennings, Global Technology Director, Eaton Corporation

Tapan "Tops" Kataria, Entrepreneur in Residence at Techstars, and Venture Partner at Venture Catalyst

Keith Nagara, Director, Accreditation Council of Education

Mike Pinelis, PhD, President and CEO of Microtech Ventures, Inc. and of MEMS Journal, Inc.

Steve Polakowski, President, ESG Automotive

Lauren C. Schleh, Associate, Sterne Kessler

Wayne Snyder, Director, Technology Development, NextEnergy

Kristin Welch, Strategy & Operations role with

Fireside Chat, Panel Discussion, Keynote Speaker...

A fireside chat, panel discussion, keynote speaker, and networking breaks were interspersed among the company presentations in order to round out the event.

Fireside Chat with Anthony Khoraych, CEO, Advanced Test & Automation

Panel Discussion on HMI

Keynote Speaker: Gianluca Allegretto, Head of Technology Scouting, Marelli Automotive Lighting
